Sample Answers

Name

Let's design our programming!
Please make copies of the planning sheets.

【 Sample Answers 】
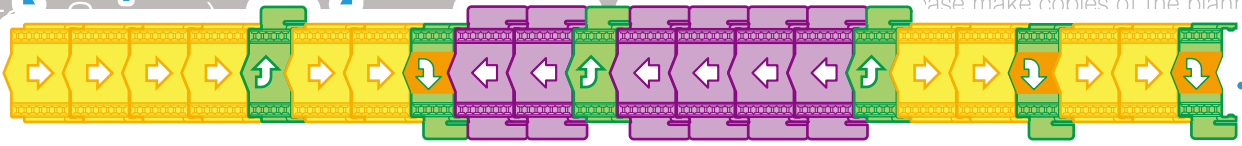

Connecting

Let's get RoboWhale to patrol around our house all the time!

Right

Left

Backwards

Distance of 2 squares

Distance of 2 squares

Forward

Distance of 2 squares

Distance of 2 squares

Start
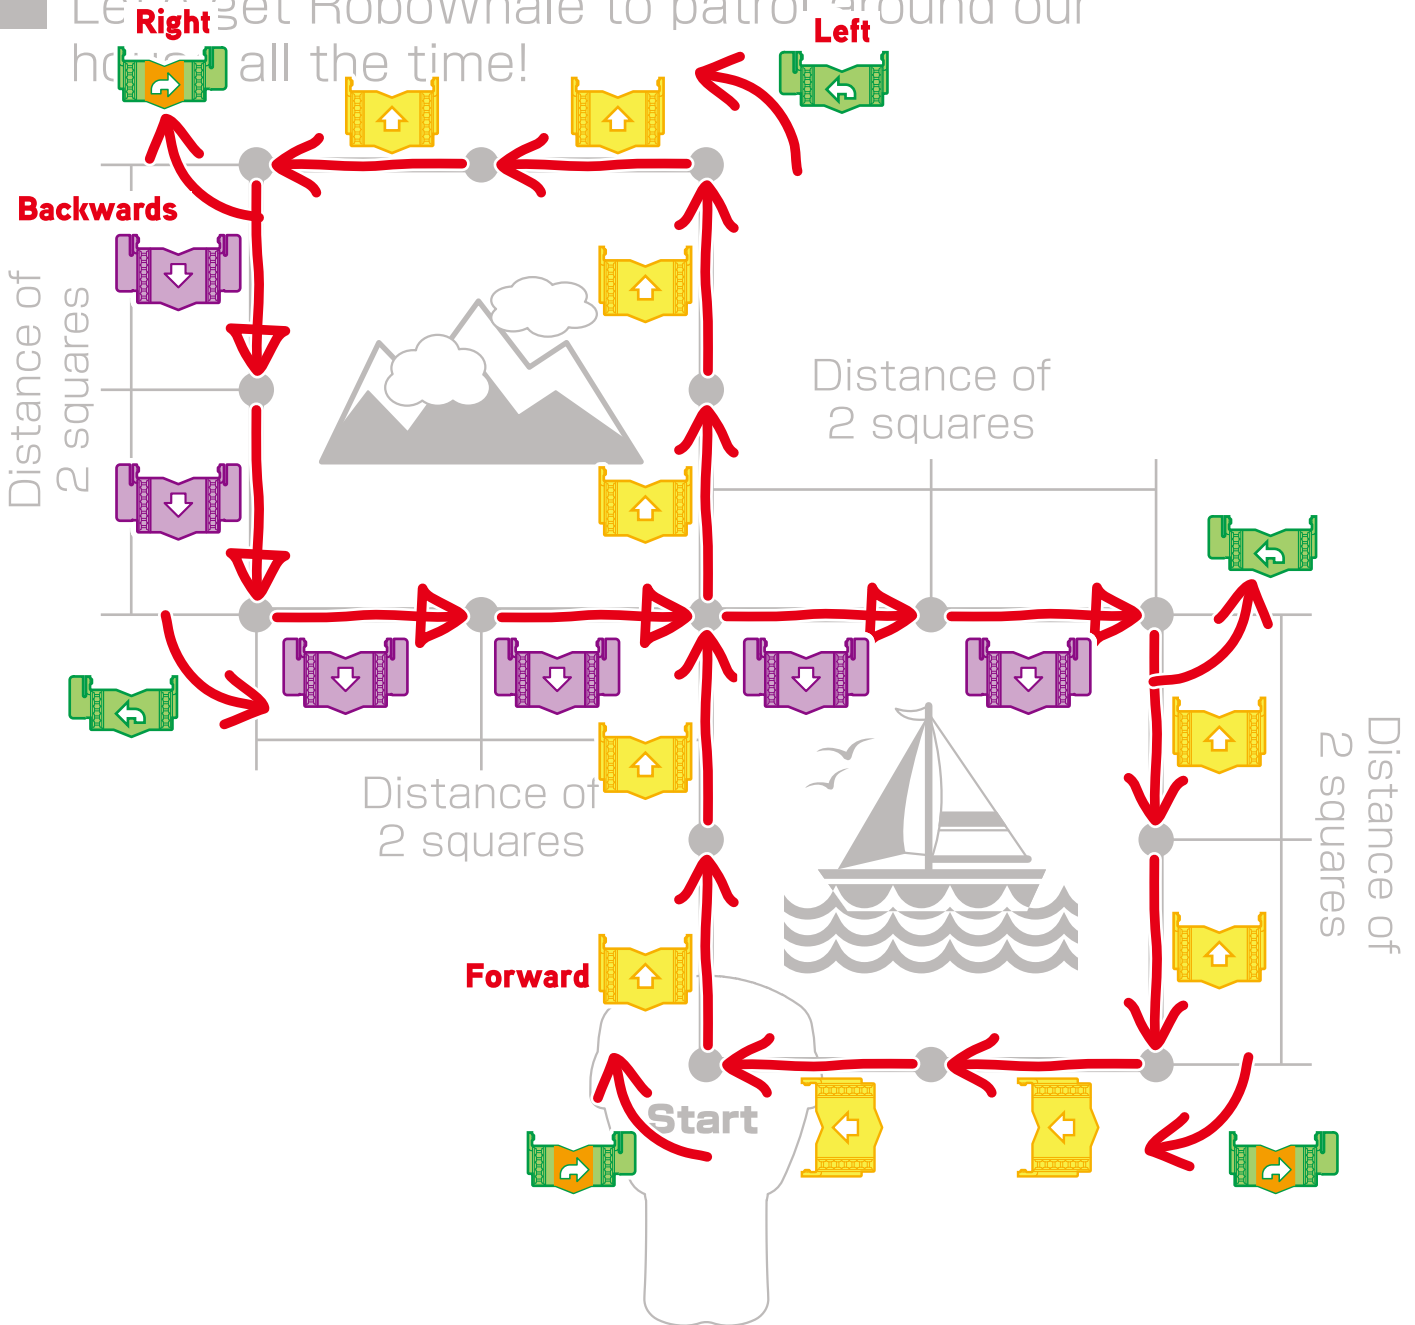

*The figure 8 loop requires some creativity in how to use the backward block.
It is easy to make mistakes when connecting the right and left blocks, so please keep trying.

★ Be careful of the front and back of the block when connecting in a loop
If you make a mistake, the left and right sides will be reversed.
