Planning Sheet 3-03

Let's get back to the start through the passing point! (3 passing points)

Name _____

For teachers: Please make copies of the planning sheets.

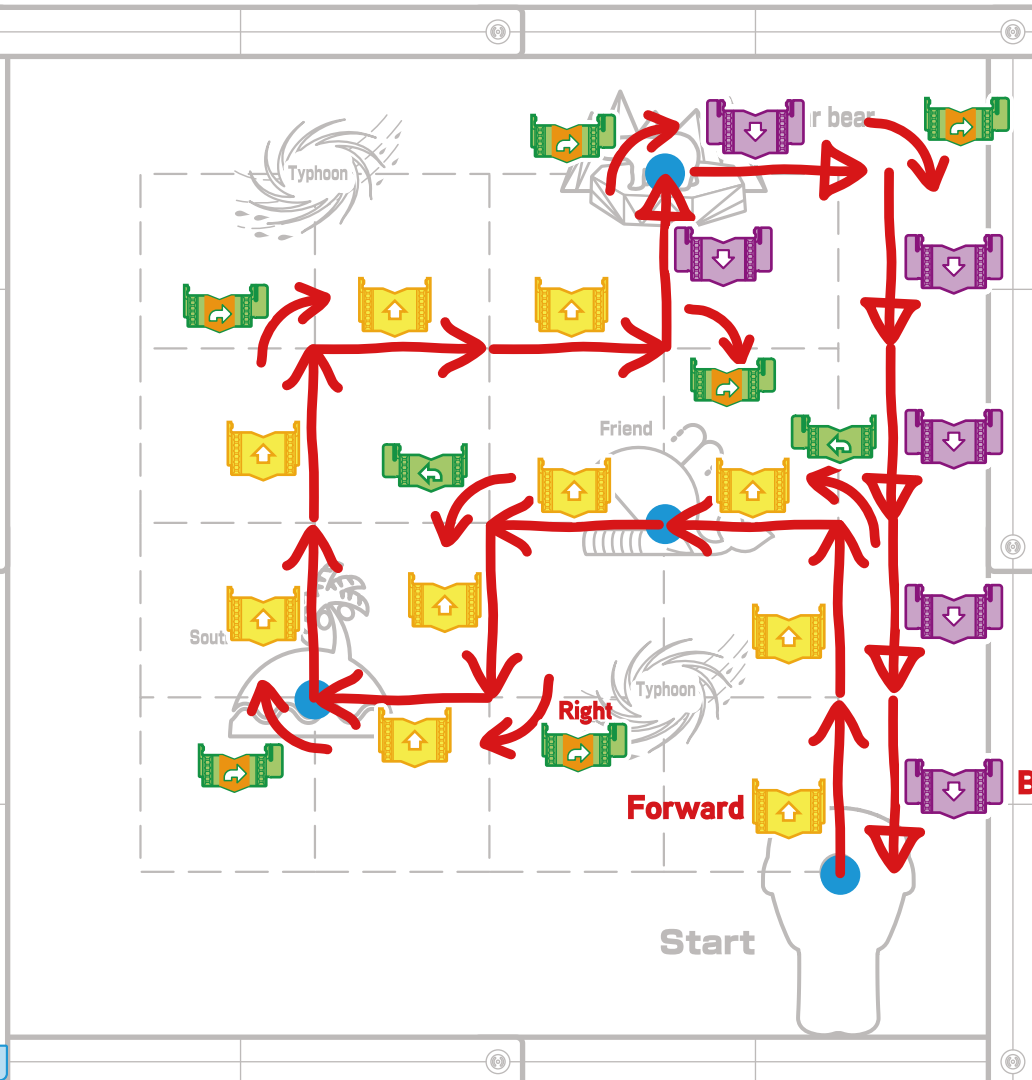

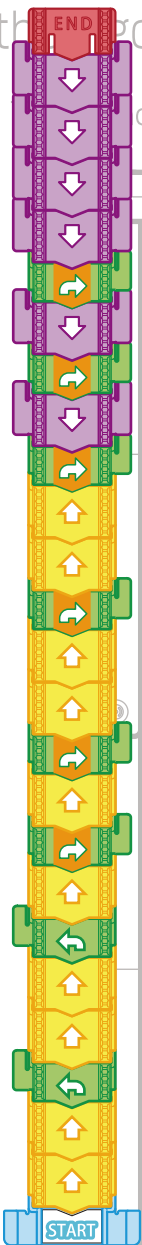

3 Passing points

Let's try this course with one set of bit blocks.

Sample Answers

See our friend RoboWhale, then go to the south island, then go to see the polar bears, then let's go home.

Note: The typhoon area is dangerous, so figure out a way to get there without going through it!

*For this course, you need to think carefully about how to avoid typhoons.

★ Let's think about the shortest course because it is a dangerous sea trip.
